Index of Authors

ANGEL, L. MADELINE. *Burnellus* gen.nov. (Digenea: Fellodistomatidae), the life-history of the type-species, *B. trichofurcatus* (Johnston & Angel, 1940), and a note on a related species, *Tandanicola bancrofti* Johnston, 1927, both from the Australian freshwater catfish, *Tandanus tandanus*. (With 5 Figures in the Text), 375

BARON, P. J. On the histology, histochemistry and ultrastructure of the cysticercoid of *Raillietina cesticillus* (Molin, 1858) Fuhrmann, 1920 (Cestoda, Cyclophyllidea). (With 2 Plates and 2 Figures in the Text), 233

BOARER, C. D. H. *See* PURNELL, R. E.

BURT, J. S. *See* EDWARDS, A. J.

BUTCHER, G. A. and COHEN, S. Short-term culture of *Plasmodium knowlesi*. (With 2 Figures in the Text), 309

CANARIS, ALBERT G. Some Microphallids collected in Kenya. (With 6 Figures in the Text), 53

CHATTERJEE, A. *See* DASGUPTA, B.

CHATTERJEE, D. *See* DASGUPTA, B.

CHATTERJEE, D. K. and RAY, H. N. Some observations on the morphology and developmental stages of *Trypanosoma avium bakeri* ssp.nov. from the red-whiskered bulbul (*Otocompsa jocosa* Linn.). (With 2 Plates in the Text), 331

COHEN, S. *See* BUTCHER, G. A.

COLAM, J. BARRY. Studies on gut ultrastructure and digestive physiology in *Rhabdias bufonis* and *R. sphaerocephala* (Nematoda: Rhabditida). (With 4 Plates and 1 Figure in the Text), 247

COLAM, J. BARRY. Studies on gut ultrastructure and digestive physiology in *Cosmocerca ornata* (Nematoda: Ascaridida). (With 6 Plates and 1 Figure in the Text), 259

COLAM, J. BARRY. Studies on gut ultrastructure and digestive physiology in *Cyathostoma lari* (Nematoda: Strongylida). (With 4 Plates and 1 Figure in the Text), 273

CROFTON, H. D. A quantitative approach to parasitism, 179

CROLL, N. A. Movement patterns and photosensitivity of *Trichonema* spp. infective larvae in non-directional light. (With 9 Figures in the Text), 467

DASGUPTA, B., PAL, N., CHATTERJEE, A. and CHATTERJEE, D. A new malaria parasite in *Hylopetes alboniger* Hodgson. (With 2 Plates), 195

DESCH, C., LEBEL, R. R., NUTTING, W. B. and LUKOSCHUS, F. Parasitic mites of Surinam. I. *Demodex carolliae* sp.nov. (Acari: Demodicidae) from the fruit bat *Carollia perspicillata*. (With 2 Plates and 4 Figures in the Text), 303

DURKEE, T. *See* SCHNITZER, B.

EDWARDS, A. J., BURT, J. S. and OGILVIE, BRIDGET M. The effect of immunity upon some enzymes of the parasitic nematode, *Nippostrongylus brasiliensis*. (With 3 Plates and 1 Figure in the Text), 339

ESCH, GERALD W. & KUHN, RAYMOND E. The uptake of ^{14}C-*Chlorella* protein by larval *Taenia crassiceps* (Cestoda), 27

GUTTERIDGE, W. E. *See* TRIGG, P. I.

GUTTERIDGE, W. E. and TRIGG, P. I. Action of pyrimethamine and related drugs against *Plasmodium knowlesi in vitro*. (With 2 Figures in the Text), 431

GUTTERIDGE, W. E., TRIGG, P. I. and WILLIAMSON, D. H. Properties of DNA from some malarial parasites. (With 3 Figures in the Text), 209

HAFEEZULLAH, M. Opecoelid trematodes of marine fishes of India. (With 9 Figures in the Text), 321

HARNESS, E. *See* SMITH, K.

HOWELL, M. J. Some aspects of nutrition in *Philophthalmus burrili* (Trematoda: Digenea). (With 3 Plates in the Text), 133

JENKINS, D. C. and PHILLIPSON, R. F. The kinetics of repeated low-level infections of *Nippostrongylus brasiliensis* in the laboratory rat. (With 7 Figures in the Text), 457

KINOTI, G. K. Observations on the infection of bulinid snails with *Schistosoma mattheei*. II. The mechanism of resistance to infection. (With 3 Plates in the Text), 161
KUHN, RAYMOND E. *See* ESCH, GERALD W.
KUNTZ, R. E. *See* WAKELIN, D.

SEGUN, A. O. Acephaline gregarines of British earthworms – their possible host specificity, 389

SEGUN, A. O. Further additions to the British records of acephaline gregarines of earthworms. (With 9 Figures in the Text), 397

SHARMA, R. K. On a new nematode *Spirocaudata bispiculatum* gen.nov. sp.nov. (Ancyracanthidae) from the keel, *Eudynamys scolopacea*. (With 5 Figures in the Text), 49

SMITH, K. and HARNESS, E. The fine structure of the alimentary tract of third-stage larvae of *Haemonchus placei* and *Trichostrongylus colubriformis*. (With 6 Plates in the Text), 355

SODEMAN, T. *See* SCHNITZER, B.

SODEMAN, W. A. JUN. *See* SCHNITZER, B.

SPRENT, J. F. A. Speciation and development in the genus *Lagochilascaris*. (With 1 Plate and 63 Figures in the Text), 71

TRIGG, P. I. *See* GUTTERIDGE, W. E.

TRIGG, P. I. and GUTTERIDGE, W. E. A minimal medium for the growth of *Plasmodium knowlesi* in dilution cultures, 113

WAKELIN, D., SCHMIDT, G. D. and KUNTZ, R. E. Nematode parasites of Oceanica. X. Capillariids from avian hosts collected in Palawan and Borneo. (With 3 Figures in the Text), 1

WALLER, P. J. Structural differences in the egg envelopes of *Haemonchus contortus* and *Trichostrongylus colubriformis* (Nematoda: Trichostrongylidae) (With 1 Plate in the Text), 157

WARREN, E. G. A new species of *Toxascaris* from hyenas. (With 1 Plate and 9 Figures in the Text), 171

WATTS, S. D. M. Effects of larval Digenea on the free amino acid pool of *Littorina littorea* (L.). (With 1 Figure in the Text), 361

WHITFIELD, P. J. The locomotion of the acanthor of *Moniliformis dubius* (Archiacanthocephala). (With 1 Plate and 5 Figures in the Text), 35

WHITFIELD, P. J. Spermiogenesis and spermatozoan ultrastructure in *Polymorphus minutus* (Acanthocephala). (With 6 Plates and 7 Figures in the Text), 415

WILLIAMSON, D. H. *See* GUTTERIDGE, W. E.

Index of Subjects

Acephaline gregarines, host specificity, 389
Acetylcholinesterase, study of, in the life-cycle of *Nippostrongylus*, 367
Amino acid pool, effects of larval Digenea on, in *Littorina*, 361

Babesia rodhaini, immunity to, in mice and rats, 221
Behaviour, of larvae of *Trichonema* spp., 467
Birds, capillariid nematodes from, 1
cestodes of, of Nicaragua, 145
Brown Ear Tick, infection of, with *Theileria*, 349
Bulbul, new species of *Trypanosoma* from, 331
Burnellus gen.nov. life-history of, 375

Capillaria anthracocerosi, new species from avian host, 1
Capillaria javanensis, new species from avian hosts, 1
Capillaria pitti, new species from avian hosts, 1
Capillariids, from birds of Palawan and Borneo, 1
Carollia perspicillata, *Demodex carolliae* (Acari) sp.nov., from, 303
Cercaria, of *Schistosoma*, 199
ultrastructure of epidermis of, of *Parorchis*, 479
ultrastructure of tail of, of *Parorchis*, 489
Cestodes, uptake of protein by larval *Taenia*, 27
of birds of Nicaragua, 145
Chicken, effect of interferon inducer on *Eimeria* in, 295
Coccidiosis, immunity to, 11
structure and development of macrogamete and oocyst of *Eimeria acervulina*, 31
Cosmocerca ornata, gut ultrastructure and digestive physiology of, 259
Culture, minimal medium for growth of *Plasmodium knowlesi*, 113
short-term, of *Plasmodium*, 309
Cyathostoma lari, gut ultrastructure and digestive physiology of, 273

Deroceras reticulatum, *Tetrahymena limacis* in, 125
Development, in the genus *Lagochilascaris*, 71
Digenea, *Philophthalmus burrili*, aspects of nutrition in, 133
effects of larval, on amino acid pool of *Littorina*, 361
Digestive physiology, of *Rhabdias* spp., 247
of *Cosmocerca*, 259
of *Cyathostoma*, 273
DNA, properties of, from some malarial parasites, 209
Dog, infection of, with *Toxacara*, by flies, 409

Earthworms, possible host specificity of gregarines in, 389
acephaline gregarines of, 397
East Coast Fever, infection rates in *Rhipicephalus*, 349
Eggs, structural differences of, in *Haemonchus contortus* and *Trichostrongylus colubriformis*, 157
microspines on shell of *Schistosoma* spp., 385
Eimeria acervulina, structure and development of macrogamete and oocyst of, 31
Eimeria maxima, immunity to, using transferred serum, 11
effect of interferon inducer on, in chickens, 295
Endocotyle africanus, new species from avian host in Kenya, 53
Eudynamys scolopacea, a new nematode, *Spirocaudata*, from, 49

Fine structure, of alimentary tract of larvae of *Haemonchus* and *Trichostrongylus*, 355
Fishes, opecoelid trematodes from, of India, 321

Freshwater Catfish, life-history of *Burnellus* gen.nov. from, 375
Fruit bat, new species, *Demodex carolliae* (Acari), from, 303

Gammarus pulex, distribution of *Polymorphus* in, 179
Gregarines, of British earthworms, 397
Gut ultrastructure, of *Cosmocerca*, 259
of *Cyathostoma*, 273

Haemonchus contortus, seasonal changes in population of, 151
structure of egg envelope of, 157
Haemonchus placei, alimentary tract of larvae of, 355
Hamacreadium leiognathi, new species from Indian marine fish, 321
Helminths, of Nicaragua, 145
Hexacanths, penetration of *Tenebrio* by, of *Hymenolepis*, 445
Histochemistry, of cysticercoid of *Raillietina*, 233
Histology of cysticercoid of *Raillietina*, 233
Host/parasite relationships, analysis of, 179
Host specificity, of acephaline gregarines of British earthworms, 389
Hyenas, new species of *Toxascaris* from, 171
Hylopetes alboniger, new malarial parasite from, 195
Hymenolepis diminuta, hatching of eggs of, 445
penetration of hexacanths of, 445
Hymenolepis microstoma, mouse immune response to, 285

Immune response, of mouse, to bile-duct cestode, *Hymenolepis microstoma*, 285
to *Nippostrongylus*, 367
Immunity, of rats and mice to ^{60}Co-irradiated *Babesia*, 221
effect of, on some enzymes of *Nippostrongylus*, 339
India, opecoelid trematodes of marine fishes of, 321
Interferon inducer, effect of on *Eimeria* in chicken, 295
In vitro culture, of *Plasmodium*, 431

Kenya, microphallids from, 53

Lagochilascaris, speciation and development in the genus, 71
Levenseniella heardi, new species from reptile in Kenya, 53
Life-cycle, of *Burnellus trichofurcatus*, 375
Littorina littorea, effects of larval Digenea on amino acid pool of, 361
Lizards, cytolysosomes in erythrocytes of, infected with *Plasmodium* spp., 63
Locomotion, of cercaria of *Parorchis*, 489

Malarial parasite, *Rayella*, new species from flying squirrel, 195
properties of DNA from, 209
Maritrema sethsmithi, new species from avian host in Kenya, 53
Maritreminoides ablephari, new species from reptile host in Kenya, 53
Mice, immunity of, to ^{60}Co-irradiated *Babesia*, 221
Microphallids from Kenya, 53
Microphallus kenyensis, new species from avian host in Kenya, 53
Moniliformis dubius (Archiacanthocephala), locomotion of acanthor of, 35
Mouse, immune response of, to bile-duct cestode, *Hymenolepis microstoma*, 285
Movement, of larvae of *Trichonema* spp., 467

Nematode, parasites of Oceanica, 1
New Species, *Burnellus trichofurcatus* from Australian freshwater catfish, 375
Capillaria anthracocerosi from avian host, 1
Capillaria javanensis from avian hosts, 1
Capillaria pitti from avian hosts, 1
Demodex carolliae (Acari) from fruit bat, 303

New Species, *Endocotyle africanus* (Microphallidae) from avian host in Kenya, 53
Hamacreaduim leiognathi, opecoelid trematode from ponyfish, 321
Levenseniella heardi (Microphallidae) from reptilia in Kenya, 53
Maritrema sethsmithi (Microphallidae) from avian host in Kenya, 53
Maritreminoides ablephari (Microphallidae) from reptile host in Kenya, 53
Microphallus kenyensis (Microphallidae), from avian host in Kenya, 53
Opegaster paramacrorchis, opecoelid trematode from coral reef fish, 321
Plagioporus longicaudus, opecoelid trematode from tongue sole, 321
Pseudopecoelina elongata, opecoelid trematode from goatfish, 321
Pseudopecoeloides scomberi, opecoelid trematode from queenfish, 321
Sacciuterina matherossiani (Dilepididae), from birds of Nicaragua, 145
Spirocaudata bisfriculatum from the koel, *Eudynamys*, 49
Toxascaris versterae from Hyenas, 171
Trypanosoma avium bakeri from bulbul, 331
Nippostrongylus brasiliensis, effect of immunity upon some enzymes of, 339
acetylcholinesterase throughout the life-cycle of, 367
kinetics of low-level infections with, in rats, 457
Nutrition, in *Philophthalmus burrili* (Digenea), 133

Oceanica, nematode parasites of, 1
Opegaster paramacrorchis, new species from Indian marine fishes, 321
Otocompsa jocosa, new species of Trypanosoma from, 331

Parasitism, definition and quantitative analysis of, 179
Parorchis acanthus, ultrastructure of epidermis of redice and cercaria, 479
ultrastructure of tail of cercaria of, 489
Philophthalmus burrili, some aspects of nutrition in, 133
Photosensitivity, of larvae of *Trichonema* spp., 467
Plagioporus longicaudus, new species from Indian marine fishes, 321
Plasmodium knowlesi, medium for dilution cultures of, 113
short-term culture of, 309
in vitro culture, 431
Plasmodium spp., in lizards, 63
Polymorphus minutus, frequency distribution of, in *Gammarus*, 179
spermatozoon ultrastructure of, 415
Populations, seasonal changes in, of *Haemonchus contortus*, 151
Population studies, based on frequency distributions, 179
kinetics of low-level infections of *Nippostrongylus* in rats, 457
Pseudopecoelina elongata, new species from Indian marine fishes, 321
Pseudopecoeloides scomberi, new species from Indian marine fishes, 321
Pyrinethamine, action of, against *Plasmodium*, 431

Raillietina cesticillus, histology, histochemistry and ultrastructure of cysticercoid of, 233
Rats, immunity of, to ^{60}Co-irradiated *Babesia*, 221
kinetics of low-level infections of *Nippostrongylus*, in, 457
Rayella, new species of malarial parasite in *Hylopetes*, 195
Redia, ultrastructure of epidermis of *Parorchis*, 479
Rhabdias, bufonis, gut ultrastructure, and digestive physiology of, 247
sphaerocephala, gut ultrastructure and digestive physiology of, 247
Rhipicephalus appendiculatus, rates of infection with *Theileria*, 349

Sacciuterina mathevossiani sp.nov., from birds of Nicaragua, 145
Schistosoma mansoni, effects of various treatments on the surface of cercariae and schistomula, 199
Schistosoma mattheei, resistance to infection mechanism in bulinid snails, 161
Schistosoma spp., microspines on egg shells of, 385
Schistosomula, of *Schistosoma*, 199
Serum, protective effect of, in *Eimeria maxima* infections, 11

Slug, distribution and pathogenicity of *Tetrahymena* in, 125
Snails, resistance to infection of, with *Schistosoma mattheei*, 161
Spermatozoon, ultrastructure of, in *Polymorphus*, 415
Spermiogenesis, in *Polymorphus*, 415
Spirocaudata bispiculatum gen.nov., from the koel, *Eudynamys*, 49

Taenia crassiceps, uptake of protein, by larval, 27
Tandanicola bancrofti, from Australian freshwater catfish, 375
Tenebrio molitor, penetration of by hexacanths of *Hymenolepis*, 445
Tetrahymena limacis, distribution and pathogenicity of, in *Deroceras*, 125
Theileria parva, infection rates of in *Rhipicephalus*, 349
Toxacara canis, infection of dogs with, by flies, 409
Toxascaris versterae, new species from hyenas, 171
Trichonema spp., movement patterns and photosensitivity of larvae of, 467
Trichostrongylus colubriformis, structure of egg envelope of, 157
alimentary tract of larvae of, 355

Ultrastructure, of cysticercoid of *Raillietina* 233
of gut of *Rhabdias* spp. 247
